# **US beats token resistance over Pannun** issue, approves sale of drones to India

## Says India Important Force For Peace & Stability In Indo-Pacific & South Asia

#### Chidanand Raighatta & Rajat Pandit TNN

Washington/New Delhi: US state department on Thursday formally notified US congress of its approval of the sale to India of 31 MQ-9B Drones and associated military equipment worth \$3.99 billion, overcoming token resistance from some lawmakers who, according to reports, wanted New Delhi to carry out a "meaningful investigation" into the alleged plot to kill Khalistani separatist Gurpatwant Singh Pannun

before signing off on the sale. A report that some lawmakers, including some Indian-American legislators, had put a hold on the sale turned out to be exaggerated after the **Defense Security Cooperation** Agency (DSCA) delivered the required certification notifying the congress of the possible sale on Thursday, just a day after the purported wrinkle. US officials nevertheless acknowledged that members

of the congress were consulted on the sale "to address questions that they might have" in what they said is a routine process.

Illustrative of the fact that such legislative hurdles seldom derail White House's overarching geo-political goals, DSCA said in a statement that the proposed sale "will support the foreign policy and national security objectives of US by helping to strengthen US-Indian strategic relationship and to improve the security of a major defence partner which continues to be an important force for political stability,

peace, and economic progress

in the Indo-Pacific and South

Asia region" "The proposed sale will improve India's capability to

meet current and future threats by enabling unmanned surveillance and reconnaissance patrols in sea lanes of operation. India has demonstrated a commitment to modernising its military and will have no difficulty absorbing these articles and services into its armed forces." it added. A report that some lawmakers had put a hex on the sale over the Pannun issue

was received sceptically both in New Delhi and Washington, where support for US-India military and defence relationship outweighs other relatively minor issues and differences. India and the US overcame a much bigger issue between the two sides when New Delhi went ahead with the purchase of S-400 Triumf air defence systems from Russia, under a \$5.43 billion contract inked in 2018, despite reservations in US congress and in the executive. Despite the report of the

sale being put on hold, Indian officials were sanguine about it going through at all times. while saying that New Delhi respects the processes and procedures in Washington. Several strategic objectives underpin such transactions, notably US desire to see India as a counterweight to China and rising tensions in the Gulf, where India is already a significant player and has deployed considerable military resources to ensure safety of international shipping lanes and systems.

Indian defence ministry

had issued the detailed letter of request for the 31 'hunterkiller' remotely-piloted aircraft systems, along with their weapons packages, mobile ground control systems and other equipment, just before the Biden-Modi meeting on Sept 8, on the sidelines of the G-20 summit here. After the notification to US congress on Thursday, Biden administration will now issue letter of acceptance to India within a month or so. The final cost negotiations will then take place before the actual contract is inked after the requisite approval from the Indian cabinet

committee on security. Indian armed forces, on their part, have been demanding such armed high-altitude. long endurance drones for a long time. Defence ministry on June 15 last year had given the initial nod or AoN (acceptance of necessity) for the proposed major acquisition of the 31 MQ-9Bs – 15 Sea Guardians for Navy and 16 Sky Guardians for Army and IAF.

Varanasi: Between the double-layered steel barricading to isolate Gvanvapi mosque for security purposes, a cut of 7 feet by 7 feet was made to install a steel gate and create a passage late Wednesday for priests to enter the mosque's southern cellar.

Divisional commission er Kaushal Raj Sharma said the arrangements to create the passage were made in compliance with the district judge's order. The passage has been cut on the mosque side, directly opposite the Nandi idol in the Kashi Vishwanath complex.

"The entry to Gyanvapi's southern cellar is located between two vertical pillars installed for barricad ing. The steel pipes that fixed them were cut to equal height and width. The passage between the barricading and mosque wall was blocked by fixing steel pipes to ensure that no one from the mosque reached the entry point. After this, a twoflap door was fixed with the steel barricading," he said.

down its plea and asked it to move the Allahabad HC against the lower court order.

The committee proached SC registrar with an application for urgent hearing, alleging that the local administration was in a hurry to cut the grills on the southern side of the mosque.

"There is no reason for the administration to undertake this task in hot haste in the dead of the night as the order passed by the trial court had already given them one week to make the necessary arrangements. The obvious reason for such unseemly haste is that the administration, in collusion with the plaintiffs, is trying to foreclose any attempt by the Mosque Committee to avail of remedies against the said order by presenting them with a fait accom pli," the application said.

The registrar, however, in formed AIM's advocate-on-record Fuzail Ahmad Ayyubi that he had to approach Allahabad HC against trial court order. The committee thereafter rushed to HC with a plea for urgent hearing on its appeal. TNN
